

## 第 20 回日本消化器病学会奨励賞受賞者一覧

1	<p>古賀靖大（佐賀大学医学部 一般消化器外科）（上部）</p> <p><b>The significance of aberrant CHFR methylation for clinical response to microtubule inhibitors in gastric cancer</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:133–139)</p>
2	<p>Rita Rani Barua（東京大学医学部 病理）（上部）</p> <p><b>Phenotype analysis by MUC2, MUC5AC, MUC6, and CD10 expression in Epstein-Barr virus-associated gastric carcinoma</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:733–739)</p>
3	<p>都築義和（防衛医科大学校 第2内科）（下部）</p> <p><b>Differential modulation in the functions of intestinal dendritic cells by long- and medium-chain fatty acids</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:209–216)</p>
4	<p>野津 司（斜里町国保病院 内科）（下部）</p> <p><b>Corticotropin-releasing factor induces rectal hypersensitivity after repetitive painful rectal distention in healthy humans</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:740–744)</p>
5	<p>宮崎香織（筑波大学 消化器内科）（下部）</p> <p><b>Influence of chemotherapeutic agents and cytokines on the expression of 5-fluorouracil-associated enzymes in human colon cancer cell lines</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:140–150)</p>
6	<p>梅岡二美（岡山大学 消化器肝臓感染症内科）（肝）</p> <p><b>Early detection and quantification of lamivudine-resistant hepatitis B virus mutants by fluorescent biprobe hybridization assay in lamivudine-treated patients</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:693–701)</p>
7	<p>奥本和夫（山形大学医学部 第2内科）（肝）</p> <p><b>Characteristics of rat bone marrow cells differentiated into a liver cell lineage and dynamics of the transplanted cells in the injured liver</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:62–69)</p>
8	<p>染谷貴志（虎の門病院 肝臓科）（肝）</p> <p><b>Interferon lowers tumor recurrence rate after surgical resection or ablation of hepatocellular carcinoma. A pilot study of patients with hepatitis B virus-related cirrhosis</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:1206–1213)</p>
9	<p>山城 剛（東京医科歯科大学 消化器内科）（肝）</p> <p><b>Negative regulation of intracellular hepatitis C virus replication by interferon regulatory factor 3</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:750–757)</p>
10	<p>西野隆義（東京女子医科大学 消化器内科）（胆膵）</p> <p><b>Negative regulation of intracellular hepatitis C virus replication by interferon regulatory factor 3</b></p> <p style="text-align: right;">(J Gastroenterol 2006; 41:1088–1093)</p>
